

HOW TO FIND

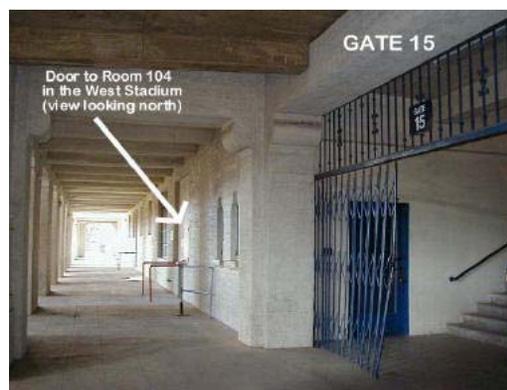

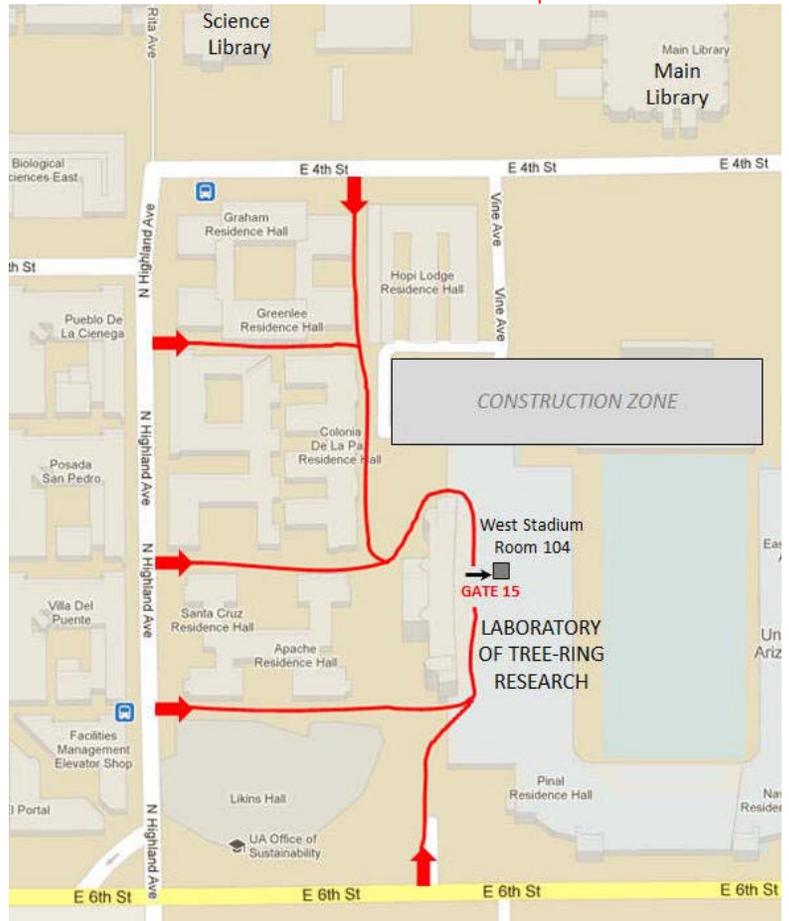

The Laboratory of Tree-Ring Research CONFERENCE ROOM in WEST STADIUM ROOM 104

The door to Room 104 is the blue door just to the NORTH of GATE 15 on the west side of the Football Stadium.

[Note that it says "104 W" over the doorway, but the "W" stands for "west." This IS the entrance to rooms 104-A, 104-B, 104-C & 104-D in the West Stadium.]

Due to construction at the north end of the stadium, access to the Tree-Ring Lab from Vine Ave is blocked. Please follow one of the paths shown in RED:
